

Pre-Procedure Testing for COVID-19 at CMG Lab Draw Station

- **Providers:** If you use eRecord in your office setting, please enter the COVID-19 lab order into eRecord; if you do not use eRecord in your office, then please fax the patient order to 585-784-7905.
- **Patients:** Call **585-602-0372 right away** to schedule a COVID-19 test to be administered within **five days** of your scheduled procedure.
- **Patients:** Call **585-602-0319** from your car upon arrival to the CMG Draw Station.

Please Note:

Pre-Procedure COVID-19 Testing is required and those who do not have it completed will have to reschedule their procedure.

Hospitals must test all patients receiving outpatient elective surgeries and non-urgent procedures for COVID-19 and patients must test negative for COVID-19 using a molecular assay for detection of SARS-CoV-2 RNA prior to any surgery or procedure. The test must be administered no more than **5** days prior to the surgery or procedure. Patients are advised to do the following for the 14 days before the surgery or procedure:

- Maintain current social distancing recommendations
- Follow other preventative measures such as wearing a cloth face covering in public when social distancing might not be possible
- Minimize trips away from the home as much as possible
- Inform the healthcare provider performing the surgery or procedure if there is any contact with a suspected or confirmed case of COVID-19 or a person with symptoms consistent with COVID-19
- Inform the healthcare provider of any symptoms consistent with COVID-19 or a positive test result for COVID-19.
