

February 2018

Dear Associate,

Our patients and residents recognize the compassion, skill and dedication you put forth every day. They tell us time and time again the critical difference we've made in their lives.

The recognition and stamps of approval we receive from organizations like the Joint Commission, New York State Department of Health, American Heart Association and so many others prove that together we accomplish so much. But, as you know, we must always reach higher because so much more is needed. This is why I'm asking for your support of the **2018 Associate Annual Giving Campaign**.

The **Associate Annual Giving Campaign** is way for each of us to help Thompson's future remain bright. Choosing to donate says you believe strongly in providing quality medical care for the thousands who depend on us through all the stages of their lives, and that you are willing to support Thompson above and beyond your everyday work by making a gift.

**Why should I participate?**

- 100% of your donation stays at Thompson to benefit *our* patients, residents, and associates
- You will demonstrate your support to our community
- You will see your generosity at work every day – right here – benefitting those around you

Last year's Associate Campaign raised more than \$46,500 and with your help, we can reach our 2018 **goal of \$50,000** or even more.

**Please consider supporting the 2018 Associate Annual Giving Campaign with a gift of \$1 per pay period, or even more if you are able.**

Everyone who works here is valued, appreciated and an honored member of the Thompson Family. Thank you for all you do for Thompson Health and our community.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Stapleton', written in a cursive style.

Michael F. Stapleton, Jr., FACHE  
President/CEO

**P.S. You are transforming lives when you give to the Associate Annual Giving Campaign!**
