TOGETHER WE ARE THE FOUNDATION OF OUR FUTURE

“Coming together is a beginning. Keeping together is progress. Working together is success.”

HENRY FORD

Over a century ago, local philanthropist Mary Clark Thompson and other civic leaders came together to establish F.F. Thompson Hospital. The legacy of caring – and creation of philanthropic partnerships – started by these dedicated visionaries continues at Thompson Health today.

We are forever grateful to the many individuals, families, organizations and corporate partners listed on the pages of this report. Together, these generous friends have helped us achieve our goals and deliver exemplary health care by giving to our capital campaign, annual fund or one of our vital programs.

Thanks to our many wonderful partnerships, 2012 was another year of progress and exciting changes within our health system. We held ribbon cuttings and unveilings for our new Surgical Care Center, The Wegman Family Nutritional Services Center, The Fralick Cardiac Rehabilitation and Fitness Center and our new Associate Services Suite. We also invested in technologies – such as the *da Vinci*® Surgical System – that will dramatically impact how we serve our community today and in the future.

Like all not-for-profits, however, Thompson Health is increasingly dependent upon charitable gifts to grow and thrive. This is why our community’s continued support is extremely vital. By making an investment in Thompson, you will be making a difference – right here at home.

On behalf of Thompson Health, thank you once again for your generosity. By partnering together, we will ensure the future success of Thompson and help it remain a *truly* great health system.

SURGICAL CARE CENTER

We are committed to delivering outstanding care throughout our health system. A perfect example of this dedication was the March unveiling of our state-of-the-art Surgical Care Center, located in the Constellation Center for Health and Healing.

This single, centralized surgical care unit is comprised of six operating suites, four endoscopy suites and an expanded patient recovery area, as well as a pre-admission testing center, an ambulatory procedures center, a post-anesthesia care unit and 18 pre- and post-surgery bays, including three pediatric bays. Combined inpatient and outpatient surgery areas at the Center increase efficiency and utilization while allowing for flexibility between surgery and endoscopy, based on demand.

The Center's innovative design also features a private consultation room and comfortable waiting area with a patient tracking board to monitor progress during the surgical process. In addition, it supports the ability to house the latest in technologies, such as the *da Vinci*® Surgical System, in a centralized space where they are readily accessible to every surgical team. Our new Surgical Care Center affords privacy and individual attention for our patients, whether they are staying in the hospital after surgery or returning home following their procedure.

All of us at Thompson are forever grateful to the many wonderful families and friends that helped make our new Surgical Care Center a reality.

“Thompson is big enough to provide exceptional service, yet small enough to offer personalized care. Plus, Associates really seem to enjoy working at the hospital. We were happy to support a Pre/Post Surgery Bay because our family, including our children, has received superior care from Thompson’s physicians and staff over the years.”

JEFFREY AND NANCY SIEWERT

CARLOS AND MYRNA ORTIZ

“Thompson Health provides superior care for members of our community through every stage of life. We gave a gift supporting a Pre/Post Surgery Bay because, on occasion, we have benefited from the hospital’s services. When our daughter tore her knee ligament, she had an ACL repair at Thompson. She received excellent care in the recovery area (PACU), and recovered fully with physical therapy through Thompson’s Sports Medicine Department. We highly encourage giving to Thompson. Any donation will multiply exponentially for the countless patients and families that will benefit from it.”

Carlos R. Ortiz, MD MS,
Senior Vice President Medical
Services and Hospital Medical
Director, Thompson Health, and
Myrna Ortiz, Thompson Guild
Board Member

Floyd Rayburn, President,
FG Rayburn Mason Contractors, Inc.

FLOYD RAYBURN

“My company has provided concrete and brickwork services for many projects at Thompson, including the new Surgical Care Center in the Constellation Center for Health and Healing. As a longtime resident and active member of our community, I believe Thompson is an important part of what makes the Canandaigua area such a great place. By giving a gift toward the Surgical Care Center’s Consulting Room, I’m able to honor the two most important people in my life – my late dad and my mom, a current resident at the M.M Ewing Continuing Care Center.

Although my dad always spoke very highly of Thompson, I know firsthand how wonderful the health system has been to the entire Rayburn family.”

JEFFREY AND NANCY SIEWERT

“When patients are treated at Thompson Health, they’ll have a great experience. Thompson is big enough to provide exceptional service, yet small enough to offer personalized care. Plus, Associates really seem to enjoy working at the hospital. We were happy to support a Pre/Post Surgery Bay because our family, including our children, has received superior care from Thompson’s physicians and staff over the years. We are also optimistic that the University of Rochester Medical Center affiliation will make Thompson even better. Both of us believe it’s important to stay involved by investing in Thompson. It’s a great asset to our community that cannot be overlooked or undervalued.”

Jeffrey Siewert,
F.F. Thompson Foundation
Board Member,
and Nancy Siewert

SURGICAL CARE CENTER *CONTINUED*

(From left, standing) Jay A. Yates, MD, Managing Partner Lakeside ENT & Allergy; Srinivas R. Kaza, MD, Managing Partner Lakeside ENT & Allergy and F.F. Thompson Foundation Board Member.

(From left, sitting) Roger Sequeira, MD; Susan L. Fulmer, MD; Eric A. Birken, MD

LAKESIDE ENT & ALLERGY

“Our practice utilizes the new, state-of-the-art Surgical Care Center for the majority of our outpatient procedures and surgical cases. We have worked closely with the operating room nurses and staff for many years – and are truly grateful for their dedication to patient care. When the opportunity arose to contribute toward a Surgical Suite, we didn’t hesitate to commit ourselves financially to help ensure the hospital’s success. Thompson Health has always been the primary hub of health care for the local community and, in our minds, the gateway to health care for the region of the Finger Lakes closest to Rochester. Thompson delivers the high-quality services of a larger medical center wrapped in the warmth of a close-knit community health system.”

BOB AND BARB MURPHY

“For more than 50 years, we have been part of the Thompson Health family. Barb was an Associate at the original hospital on North Main Street and later volunteered as a Guild member. Since the early 1970s, I have been involved with Thompson, serving on various Boards and committees – and am currently a member of the Health System Pension and Investment Committee. Supporting Thompson is a priority of ours and we were pleased to donate toward the Surgical Care Center’s Reception Desk. Thompson is a neighborhood hospital that has always treated patients and families in our community with the utmost respect and kindness. The hospital has remained committed to its culture and CARES Values over the past several decades. Everyone at Thompson, from the leadership to Associates, is genuinely dedicated to delivering unsurpassed health care and services.”

Bob Murphy, Health System Pension and Investment Committee Member, and Barb Murphy

Laurie Bittner

Laurie Bittner

“I chose to support a Pre/Post Surgery Bay at Thompson’s new Surgical Care Center because it was a way to honor my late husband and to show my commitment to the community I have called home for so many years. In addition to offering patients the highest level of care and most advanced technologies, the Surgical Care Center is aesthetically pleasing, which helps alleviate some of the stress family members feel while waiting for news about a loved one in surgery. All of us in Canandaigua and the Finger Lakes region are blessed to have a facility of Thompson’s caliber nearby. It’s a truly amazing place.”

“From the birth of children to emergency needs, our families have benefited from Thompson’s services and high-quality care on many occasions. We feel our support of the new Surgical Care Center Nurses’ Station is a worthwhile investment in a community hospital that has been so special to us for 60+ years.”

THE RUSSELL FAMILY

THE RUSSELL FAMILY

“To continue to grow, stay current with the latest medical technologies and attract top medical professionals to the area, Thompson Health needs support from our entire community. It is comforting to know that a first-class hospital like Thompson is close to home and staffed by qualified people we know and trust. From the birth of children to emergency needs, our families have benefited from Thompson’s services and high-quality care on many occasions. We feel our support of the new Surgical Care Center Nurses’ Station is a worthwhile investment in a community hospital that has been so special to us for 60+ years. We want to do what we can to ensure Thompson remains a leader in health care should we need its services in the future.”

(From left) Bruce and Sue Russell, Gina and Ted Russell

JULIE AND MICHAEL STAPLETON

“Surgery is one of the core services of any community-based hospital. It also tends to be a cause of great anxiety for patients, requiring their utmost trust.

Julie and Michael F. Stapleton, Jr.,
President/CEO, Thompson Health

This is one reason demand for surgery at F.F. Thompson Hospital is so high: Patients know they will receive the same exceptional, skilled care in the operating room that they expect from all of our hospital’s services. Our new Surgical Care Center will also play a key role in attracting and retaining the best medical professionals to Thompson. Our family’s gift supporting a Pre/Post Surgery Bay in the new Center is a gift to our community, one that helps provide access to the highest quality health care, close to home.”

THE WEGMAN FAMILY NUTRITIONAL SERVICES CENTER

In early April, Thompson Health held a ribbon cutting ceremony for our new Wegman Family Nutritional Services Center. This beautiful facility was made possible through the generosity of The Wegman Family Charitable Foundation, as well as countless community members.

As part of our ten-year Master Facility Plan, the Center features an expanded kitchen and a larger, more modern cafeteria space that enables us to meet growing demand and regulatory requirements while incorporating local agriculture and sustainable food practices. This new space also allows our Nutritional Services staff to provide hospital inpatients with hotel-style room service. Patients are now able to eat what they want, when they want, resulting in better nutritional intake and higher patient satisfaction.

Thompson's original cafeteria, built in 1971, was designed to serve 750 meals per day. Today, our staff prepares and serves more than 1,500 meals daily for patients, Associates and visitors, plus residents of the M.M. Ewing Continuing Care Center.

Highlights of the new kitchen and cafeteria include:

- An expanded servery that features a variety of healthy selections
- State-of-the-art equipment to allow for more food choices, efficient production, enhanced food safety and an environmentally friendly setting
- Increased seating capacity from 120 to 188
- Two new adjoining conference rooms with teleconference capabilities

DANNY AND STENCY WEGMAN HOMEGROWN GENEROSITY

Danny Wegman, President of The Wegman Family Charitable Foundation, and Stency Wegman

The Wegman Family Charitable Foundation has a long legacy of generously supporting our community and Thompson Health. Their \$2MM leadership gift toward The Wegman Family Nutritional Services Center speaks to our shared missions to help community members live well by eating well. In addition to serving healthier food choices, this new Center was designed and built to meet the growing needs of Thompson patients, residents, Associates and visitors, all while incorporating sustainable food practices.

“The health of our community is an important priority for The Wegman Family Charitable Foundation. We applaud the efforts by Thompson Health to make healthier food choices available and in ways that are more efficient and sustainable.”

DANNY WEGMAN

REGINA F. CROWE

Throughout Thompson Health's 105+-year history, many individuals have left their imprint on our health system. Regina F. Crowe was one of them. When she passed away in 2008, she left the Guild the largest personal gift in its history. As a young girl growing up on her family's farm in Gorham, Regina learned about agriculture and caring for animals. She later attended Mechanics Institute, now Rochester Institute of Technology, graduating in 1942 as a culinary major specializing in institutional food management. Regina then

spent 33 years as the cafeteria manager for the Greece Central School District. Therefore, it seems a fitting tribute to Regina to have utilized funds from her estate toward The Wegman Family Nutritional Services Center Cafeteria.

THOMPSON GUILD

"We are proud of the Guild and all the wonderful things we have been able to do for Thompson Health over the years. We are especially honored to be the steward of the Regina F. Crowe estate and were pleased to use a portion of her incredibly generous gift to support the new Wegman Family Nutritional Services Center Cafeteria. All of us can learn from Regina's commitment to family and community."

Thompson Guild Board Members: (From left, standing) Ann Hanley; Judy Reader, Treasurer; Krista Jackson; Marge Long; Judy Hanley; Bobbe Dannenbrink; Mina Drake. (From left, sitting) Diane Sickmond; Lou Loy; Jean Seager; Gail O'Brien. THE FRALICK CARDIAC REHABILITATION AND FITNESS CENTER

D

uring September, Thompson Health celebrated the grand opening of The Fralick Cardiac Rehabilitation and Fitness Center.

The advancement of our Cardiac Rehabilitation Program and Pulmonary Disease Management Program, as well as this new Center, could not have happened without the overwhelming support of our leadership donors and community.

This 3,300-square-foot facility, which is located off the main hospital lobby, features a private consultation room, a camera surveillance system and a large central nurses' station designed to promote efficient workflow for the Cardiac Rehabilitation and Respiratory Therapy teams. The modern, aesthetically pleasing Center also offers an aerobic area with a walking track, new elliptical equipment and treadmills, a universal weight machine and much more.

Each year, Thompson's Cardiac Rehabilitation Program helps hundreds of patients recovering from a cardiac event or surgery and their families learn how to manage diet, physical activity and stress levels for optimum health and happiness. The new Center has also enabled our Pulmonary Disease Management Program to grow and affords Associates and volunteers the opportunity to access fitness equipment daily after normal business hours.

JOHN AND KAY MEISCH

"As members of the community for 20 years, we have benefited from the care and services provided by Thompson Health on numerous occasions. After John had bypass surgery in 1993, we quickly realized what an important role a cardiac rehab program plays in the recovery process, as well as in keeping a patient active and in good health. Since John enjoys the special care he receives – and even developing friendships with other patients at The Fralick Cardiac Rehabilitation and Fitness Center – we decided to help fund the exercise area and the purchase of necessary equipment that will benefit other people recovering from a cardiac event or heart surgery. We feel privileged to have such a wonderful, up-to-date medical facility like Thompson so close to home."

John and Kay Meisch

NIXON PEABODY LLP

“Nixon Peabody has been a strong supporter of the Greater Rochester community for more than 100 years. When contacted by Robert Sands to participate in Thompson’s Capital Campaign for The Fralick Cardiac Rehabilitation and

James O. Bourdeau, Partner, Nixon Peabody LLP

Fitness Center, our firm was eager and honored to assist. We were particularly impressed with the Center’s unique focus on physical fitness and rehabilitation, and were moved by Mr. Fralick’s own passion in this regard. Because the nursing staff plays a crucial role in helping patients feel comfortable with a fitness regimen soon after cardiac surgery, we wanted to do our part to also make staff members more comfortable by contributing toward the new nurses’ station.”

JIM AND ELLIE FRALICK GIFTS FROM THE HEART

Since her father was one of the first cardiologists in Rochester, Ellie grew up in a world where heart conditions were often the topic of conversation. Jim, who lost his father and grandfather to heart disease, suffered a heart attack in 2001 and later underwent cardiac bypass surgery. Afterward, he received excellent cardiac rehabilitation at Thompson and became committed to helping people who shared similar experiences. He founded the Mended Hearts support group at Thompson, offering education and support to cardiac patients, families and caregivers.

“In order to be a great community, a great healthcare facility must exist. Our dedication to Thompson Health and to individuals living with heart disease continues through our gift supporting The Fralick Cardiac Rehabilitation and Fitness Center. We’re proud to help Thompson continue to deliver the highest level of cardiac rehabilitation services and care.”

JIM AND ELLIE FRALICK

Ellie Fralick, Thompson Health Board Member, and Jim Fralick, Co-Chairman, *Building a Healthy Future* Capital Campaign

da Vinci® SURGICAL SYSTEM

*S*ummer was an exciting time at Thompson as we hosted small group tours that provided an inside look at our new state-of-the-art surgical suites plus a demonstration of the *da Vinci* Surgical System. Thanks to a generous lead gift from Wanda Polisseni – as well as support from our many loyal friends – F.F. Thompson Hospital became the first in the Finger Lakes region to offer this breakthrough robotic technology.

The *da Vinci* allows our surgeons to operate with greater precision, magnified visualization and more control than ever before. For patients, robotic technology offers an effective, less invasive alternative to more complex procedures such as open surgery and conventional laparoscopy. Robotic surgery also results in smaller incisions, shorter hospital stays, minimal blood loss and reduced pain and complications associated with traditional surgeries. Additional benefits include less risk of infection, reduced adhesion formation and scarring for better cosmetic results, quicker recovery time and an increased likelihood of a positive outcome.

Originally designed for cardiac procedures, this cutting-edge technology is now available to treat a wide range of conditions – including urologic, gynecologic, colorectal and ear, nose and throat – and is quickly expanding into other areas. The *da Vinci* is an invaluable tool that will transform how Thompson serves our community today and in the future.

WANDA POLISSENI AND FAMILY LEADING THE WAY TO LEADING-EDGE TECHNOLOGY

In the mid 2000s, the Polisseni family invested in robotic technology at a Rochester-area hospital. In 2012, they decided to give a lead gift toward the *da Vinci* Surgical System at Thompson Health because they believed that all patients who qualify for robotic surgery, regardless of where they live, deserve to benefit from it.

“The *da Vinci* is amazing technology that allows for less invasive surgeries, resulting in a quicker recovery and minimal scarring. I wish this technology had been available when my late husband underwent surgeries since it would have given him much more quality time.”

WANDA POLISSENI

Wanda Polisseni, F.F. Thompson Foundation
Board Member

**THOMPSON GUILD
AND SPRINGTIME IN
CANANDAIGUA COMMITTEE**

“The Thompson Guild’s dedicated members give countless hours of our time and energy to raise funds that support Thompson Health. Proceeds from April’s 1st Annual Springtime in Canandaigua, organized by the Guild and several community members, helped with the acquisition of the *da Vinci*® Surgical System, the latest in robotic technology. We are proud to know that our work touches so many lives here in our community.”

(From left, front row) Thompson Guild Board Members: Marion Fladd, Corresponding Secretary; Cindy Hept; Myrna Ortiz. (From left, middle row) Springtime in Canandaigua Show Director Marianne Gallagher; Thompson Guild Board Members Judy Hanley; Krista Jackson; Mina Drake; Diane Sickmond. (From left, back row) Thompson Guild Board Members Gail O’Brien; Judy Reader, Treasurer; Springtime in Canandaigua Publicity Coordinator Edythe Gansz; Thompson Guild Board Member Ann Hanley

Brian and Julie Gambill

BRIAN AND JULIE GAMBILL

“As we watched our ten-year-old twins maneuver the *da Vinci* arms with seemingly little effort during last summer’s demo, we were not only reminded of how far medical technology has come, but were genuinely excited about the prospects of the new and limitless frontiers that lie ahead of us. The *da Vinci* robot’s evolution from a single application tool in the aerospace industry to what exists today – a broad platform that is now supported by a growing array of medical technologies – is an excellent example of what we call a virtuous cycle. By offering this advanced robotic technology to our community, demand will grow and lead to more research

and development, making the technology even more robust for future generations. We are fortunate that Thompson’s Board positioned the hospital, and the community, to benefit from this positive cycle.”

WILLIAM B. RAYBURN

“As a native of Canandaigua, I have always believed in giving back to my hometown and the organizations that have made it a wonderful place to live and work. For more than a century, Thompson Health has played a key role in keeping our community healthy. In addition to providing medical expertise and personalized care, it offers sophisticated technologies that are found at larger healthcare facilities. So that Thompson is able to stay current with state-of-the-art healthcare technologies, I felt it was important to donate toward the *da Vinci* Surgical System. This invaluable robotic technology offers many benefits to Thompson Health surgeons and the patients they treat on a daily basis.”

William B. Rayburn

ASSOCIATE SERVICES SUITE

A

fter operating out of two trailers in the hospital's parking lot for a decade, Thompson Health Associates have a new home. Our new Associate Services Suite opened its doors in late December.

Currently, Thompson has more than 1,350 Associates and approximately 200 volunteers. The Suite was created to better service these individuals, as well as find efficiencies within our health system by combining diverse functions together in one location.

The neutral tones and calming environment found at the Constellation Center for Health and Healing were carried into the Associate Services Suite. It also features an expanded waiting area and an ergonomic design for greater productivity.

In addition to housing Thompson's Human Resources Department, the Suite has areas dedicated to education, including Associate orientation and leadership development, as well as to community outreach initiatives such as Thompson's health and wellness programs for individuals ranging from young children to senior citizens. Our heartfelt appreciation goes out to the community leaders and supporters who contributed toward this Suite.

Bill Kenyon, Esq., Chair,
Thompson Health System Board,
and Laretta Kenyon

BILL AND LAURETTA KENYON

“We are proud to have played a role in the new Associate Services Suite through our donation toward the Vice President's Office. For ten years, the dedicated professionals in Associate Services performed incredible feats from “temporary” construction trailers in the parking lot. Hardworking people in non-clinical services are vital to the successful delivery of quality care. As the largest employer in Ontario County, Thompson Health also serves as the engine for economic stability in our growing community. There is a strong culture of caring that permeates the entire organization.”

CORNERSTONE ADVISORS ASSET MANAGEMENT, INC.

“When the opportunity to support the new Associate Services Suite Conference Room at Thompson presented itself, I thought it would be fitting to give a gift in

Thomas Scalici, CEO, Cornerstone Advisors Asset Management, Inc., Bethlehem, PA

honor of my in-laws, as well as in memory of my friend Earl LaCrosse. Canandaigua has always been a special place. My wife Amy grew up there, we were married at St. Mary’s Church and together we met many nice people there over the years, including Earl. My father-in-law Dick McGavern serves on the Thompson Health Properties Board and my mother-in-law Sandra remains active in the community. Cornerstone is also proud to be a consultant for Thompson. We are fortunate to work with institutions that are leaders in their communities – and Thompson Health ranks among the best.”

THE HAMLIN FAMILY AND CANANDAIGUA NATIONAL BANK SUPPORTING SHARED VALUES AND COMMITMENT

The Hamlin family and Canandaigua National Bank have had a special connection with Thompson Health for many years and are proud to support an organization that shares their core values and commitment. Since Thompson Associates are the “face” of the patient experience, they were pleased to give a gift toward the new Associate Services Suite.

“Supporting the Associates and providing them with a modern work environment that enhances efficiency is critical to the delivery of high-quality care, a key focus of the Thompson Way. Thompson Health is a gem in the community, as well as a showplace in the country. Every donation helps this wonderful health system thrive and grow.”

GEORGE W. HAMLIN, IV

George W. Hamlin, IV, Chairman & CEO, Canandaigua National Bank;
Thompson Health Board Chairman (2004 to 2008), currently Emeritus

CREATIVE COMMUNITY SUPPORT

*T*hompson Health supporters put a lot of thought, effort, heart and creativity into the ways they give. Thank you to the many wonderful individuals, businesses, schools and organizations that continue to support Thompson's vital programs and services, as well as the people we serve every day. Your generosity and amazing acts of kindness do make a difference!

GIRLFRIENDS

MAKING A DIFFERENCE FOR THE SANDS CANCER CENTER

"A few times each year, 16 girlfriends gather together to make a difference in our community. Instead of exchanging birthday cards, we contribute \$50 apiece to

a pool, which is then donated to charities of our choice. In 2012, this creative way of giving helped us raise funds for Thompson Health's Sands Cancer Center. As a cancer survivor, I've benefited directly from the services and care offered at Sands and can't say enough about all they've done for me. Cancer patients can be confident knowing they'll receive excellent care right here at home."

TALL TRAINER FITNESS

BOOT CAMP CLASSES BENEFIT THE SANDS CANCER CENTER

"At Tall Trainer Fitness, we help people lose weight and get in great shape, regardless of the obstacles they may have in life. Every month, participants in our boot camp classes choose a charity, then we donate a portion of their month's training fee equal to their weight loss and achieved goals. This gives our clients even more motivation to improve their fitness during the month. We support Sands Cancer Center through this initiative because many of our clients, former clients and family members have benefited from the excellent services and care offered by Sands. Any donation, large or small, will help Thompson Health and Sands Cancer Center deliver top-notch care today and in the future."

**CANANDAIGUA MEDICAL GROUP, PC
SUPPORTING THE SANDS CANCER CENTER**

“Canandaigua Medical Group, PC (CMG) has been part of the community since 1951. For many of these years, CMG has participated in Spirit Days, a monthly event that enables our employees to contribute to charities that are near and dear to their hearts. The Sands Cancer Center Patient Needs Fund has been a lifeline and saving grace for several of our employees going through the difficult stages of breast cancer. Every October, our staff members wear pink, take part in dress-down days and raise money by holding raffles. Donations to the Patient Needs Fund are our way of saying thank you to the staff at Sands Cancer Center for giving that extra-special personal touch to our employees and their families.”

FINGER LAKES CARDIOLOGY ASSOCIATES SPONSORING A CARDIAC REHABILITATION PROGRAM AND SCHOLARSHIPS

Since cardiac rehabilitation has always been an essential part of the recovery process for individuals who have had a cardiac event, the cardiologists and staff at Finger Lakes Cardiology Associates feel it is important to sponsor Thompson's annual Rose Walk. Proceeds from this event benefit the Cardiac Rehabilitation Program at F.F. Thompson Hospital, as well as the Cardiac Rehabilitation Scholarship Fund. Thompson's Cardiac Rehabilitation Program combines monitored exercise, education and camaraderie to reinstall stamina, confidence and a sense of well-being in cardiac patients. The Scholarship Fund provides financial assistance to patients for this vital program.

"The staff members at Thompson's cardiac rehab are among the best I have ever worked with. It is through their tireless efforts and personalized care that patients are able to heal and reach their full potential." *Bryan Henry, MD, FACC*

Finger Lakes Cardiology Associates Staff Members: 1. Audrey Godkin 2. Kelly Baker, LPN 3. Stacy Marotta, NP 4. Virginia Bodine 5. Terri Hicks, RN 6. Katia Saenz 7. Laurie Beha 8. Kym Maslyn, RN 9. Renee Martinez, CNMT 10. Bryan Henry, MD, FACC, Director of Cardiology, F.F. THOMPSON GUILD
**GRANTING A WISH FOR
 THE BIRTHING CENTER**

“As in past years, 2012 once again showcased the Guild’s support for patients and staff in the Birthing Center. We funded an ABAer® Hearing Screening System, an item on Thompson’s *Wish List*. This all-in-one unit enables Birthing Center staff members to perform both Otoacoustic Emissions (OAE) and Auditory Brainstem Response (ABR) testing on newborns. The Guild continues to help purchase vital medical equipment and various *Wish List* items for the Birthing Center and other departments throughout the health system.”

FINGER LAKES DENTAL CARE LENDING SUPPORT TO SANDS CANCER CENTER

"In celebration of our 10th anniversary, Finger Lakes Dental Care (FLDC) hosted an Open House and holiday gift sale featuring gift certificates and items donated by local businesses. During the sale, we also offered custom whitening kits at a reduced rate. In addition to contributing all proceeds from holiday gift sale items, FLDC donated \$50 from each whitening kit sold to Sands Cancer Center. FLDC holds a variety of creative events throughout the year, such as a staff jeans day and more, to benefit Sands. The programs and services provided by the Center are vital to those touched by cancer – including one of our own team members – and we're pleased to lend our support."

Jason Tanoory, DMD, FAGD

NATALIE A. ROSS GRANTING WISHES THROUGHOUT THE HEALTH SYSTEM

“Over the years, I have received the highest quality care at Thompson. The physicians and staff treat each and every patient exceptionally well and always go the extra mile to ensure patients are comfortable. I’m glad to give back to Thompson however I can, whether it’s a monetary donation to fund various items on Thompson’s *Wish List* – like a blanket warmer for the Intensive Care Unit and a vital signs monitor for M.M. Ewing Continuing Care Center’s Pines avenue – or support for renovations at the Physical Therapy Department in Farmington. Thompson Health is truly a jewel in our community and I’m happy to help it sparkle.”

Left image: Natalie A. Ross. Right image: (From left) Anne Hatton, LPN; Shelley Schaff, RN; Mary Peck, RN; Donna Fulmer RN, Director Perioperative Services and ICU

WANDA POLISSENI GRANTING A WISH FOR THE PHYSICAL THERAPY DEPARTMENT

"Growing up on a farm taught me how to care for animals at a young age. I especially loved horses and still do to this day. In 2004, I opened Purple Haze Stables, named in memory of my daughter. Since then, this horse barn has become a retirement and adoption center for thoroughbreds from Finger Lakes Racetrack. When I heard the Equicizer was on Thompson Health's *Wish List* and realized how great this rehabilitative equipment is, I was pleased to support its purchase. Many jockeys have told me how much they appreciate the Equicizer. They are able to recondition their muscles through simulated riding practices, as well as increase strength and confidence while decreasing the time it takes to return to riding. In addition to equestrians, many others can benefit from this wonderful equipment."

DEBORAH C. GERMAN, MD

MAKING THE MOST OF MATCHING GIFTS FOR PULMONARY DISEASE MANAGEMENT

“As a member of the Edyth Bush Charitable Foundation (EBCF) Board in Winterpark, FL, I was pleased to make a gift to Thompson Health’s Pulmonary Disease Management Program. With a match from the EBCF, my contribution has twice the impact. I am a rheumatologist and Dean of the University of Central Florida’s College of Medicine. Years ago, when I trained in Internal Medicine at the University of Rochester Medical Center, I struggled to help one of my patients who fought end-stage pulmonary disease. After a recent conversation with a longtime friend and member of the Thompson Pulmonary Disease Management team, I learned about the team’s high-quality and compassionate care. I was reminded of my former patient who would have benefited from this high level of care and wanted to help others in a way that we could not help him. This program makes a significant difference in the daily lives of patients with chronic pulmonary disease.”

Deborah C. German, MD, Vice President for Medical Affairs, Dean, College of Medicine, University of Central Florida, Orlando, FL

NICK AND SARAH VECCHIOLI GRANTING A WISH FOR THE EMERGENCY DEPARTMENT

“When we learned about Thompson Health’s *Wish List*, we had to help because Thompson has always been there for us. We lost our son Justin in a tragic accident years ago, but since then, our family has tried our best to turn a terrible event into something positive. In addition to the scholarship fund for Canandaigua Academy seniors we founded in Justin’s memory, we wanted to do something for children being treated in Thompson’s Emergency Department. We originally thought about donating stuffed animals, but heard the ED could use a flat-screen television that could be wheeled into treatment bays. We were happy to provide an item wished for by the ED – it’s just a small token of our appreciation.”

MICHAEL SCHWABL AND LAUREN DIXON
**GIVING THROUGH
 GIFTS-IN-KIND**

“We were delighted to give a gift in support of the new Constellation Center for Health and Healing. This impressive facility is our community’s gateway to state-of-the-art health care – and we are honored to have the entrance gardens named for us. A portion of our gift was an In-Kind donation, offering our professional services for public relations, television production and advertising placement throughout the year. Even when budgets are tight, gifts-in-kind allow individuals, families and companies to help non-profit organizations like Thompson that are valuable assets to our community.”

RICHARD A. KOLB GIVING IN NUMEROUS WAYS

“As a Chaplain’s volunteer at Thompson for the past five years, I have witnessed firsthand the tremendous healing power of prayer combined with excellent care. I often visit with or say a brief prayer with pre-operative patients and their families. Since I was a pharmaceutical representative for more than 30 years, I spent much time in hospitals or calling on physicians and realized the importance of what they do for patients. I give to Thompson’s Capital Campaigns, the F.F. Thompson Foundation Annual Fund and the hospital’s Memorial Fund in memory of my wife Mary, who received the best possible care at Sands Cancer Center. The doctors, nurses, aides, technicians and even the volunteers at Thompson truly care about the patients – and donations will help them to do so for years to come.”

Richard A. Kolb, Thompson Health Chaplain’s Volunteer

A GUIDE TO GIVING

WHY IS YOUR SUPPORT IMPORTANT?

From our beginning as a 32-bed hospital, Thompson Health has become the center of a continuum of services that thousands of patients, residents and vacationers access annually. Today, our 113-bed acute-care community Hospital and 188-bed Continuing Care Center deliver some of the most advanced care in Upstate New York.

Like all not-for-profit health systems in New York State, Thompson needs your help to continue to meet the expectations of individuals who look to us for the best in medical care.

GIVING OPTIONS

CURRENT GIVING

Unrestricted Funds

Unrestricted gifts are used at the discretion of the F.F. Thompson Foundation whenever and wherever the needs of the health system are greatest.

FUND OPTIONS

- F.F. Thompson Foundation's Annual Fund

Restricted Funds

Restricted gifts are used only for the areas designated by the donor.

FUND OPTIONS

- F.F. Thompson Hospital
- Sands Cancer Center
- M.M. Ewing Continuing Care Center
- Ferris Hills/Clark Meadows
- Capital Building Projects
- Technology/Equipment

Tribute Gifts

Gifts may be made in honor or in memory of an individual or group and designated to any one of the funds listed above.

- Remember a loved one who has passed
- Recognize an important person for a special occasion (birthday, anniversary, etc.)
- Recognize a doctor, nurse, staff member or volunteer who made a difference in your care

Simply provide us with the name of the individual you wish to recognize.

An acknowledgment of your gift will be mailed to the family of the person recognized. The amount of your gift will remain confidential.

In-Kind Gifts

Donations of equipment, furnishings, artwork, etc. are accepted based upon current needs and are at the discretion of the F.F. Thompson Foundation's Director of Development.

Special Events

Support an event through participation, sponsorship, a cash or in-kind donation. Individuals, organizations and groups are also encouraged to hold their own event and share the proceeds with Thompson Health.

PLANNED GIVING

Planned gifts allow donors to leave a legacy through a charitable gift and achieve tax benefits, as well as desired financial and estate planning objectives.

PLANNED GIVING OPTIONS

- Bequests
- Gifts of appreciated stock, bonds, mutual funds or real estate
- Charitable Gift Annuities
- Life Insurance
- Life Estate

WAYS TO GIVE

Making a gift to Thompson Health is now easier than ever. Friends of Thompson have several convenient gift-giving options from which to choose.

One-Time Gift

BY CHECK Made payable to
F.F. Thompson Foundation
Mailed to:
F.F. Thompson Foundation
350 Parrish Street
Canandaigua, NY 14424

PAYABLE WITH SECURITIES

The F.F. Thompson Foundation welcomes gifts of appreciated securities. These gifts have two benefits – the standard charitable deduction and avoidance of capital gains tax.

SECURE ONLINE GIVING at www.ThompsonHealth.com

Monthly Giving Program

Simply send us a voided check from your checking account and tell us the amount of your monthly gift. We'll debit your checking account on the 10th or 25th day of each month – whichever date is best for you. You can change the amount or cancel at any time.

Pledge Over Time

Donors may pledge a gift (of \$2,500 or more) over time (up to five years). Payments may be made quarterly, semi-annually or annually.

Whichever method you choose, your tax-deductible gift will be acknowledged and designated to the area of your choice.

For more information about making a gift to Thompson, contact the F.F. Thompson Foundation at 585-396-6155 or foundation@thompsonhealth.com.
